

## POSTDOCTORAL JOB OPPORTUNITY

**POSTING NUMBER: PD-(we will assign)**

**POSTING DATE: ASAP**

**CLOSING DATE: October 9, 2018**

### Postdoctoral Fellow CIFT/Department of Process Engineering and Applied Science

#### **POSITION SUMMARY:**

We are seeking a postdoctoral fellow to join the Marine Lipids Lab in the Canadian Institute of Fisheries Technology and the Department of Process Engineering and Applied Science at Dalhousie University. This Mitacs-funded position will focus on the development of novel methods for the isolation and analysis of marine bioactives.

#### **Requirements:**

The postdoctoral fellow will be required to:

- Work independently on method development utilizing GCMS
- Assist in supervision of undergraduate and graduate students
- Lead and contribute to publications, and present work at conferences
- Contribute to other funded projects

#### **Qualifications:**

- PhD
- Experience in operating and maintaining GCMS instrumentation
- Strong research and publication record

**Salary Range:** \$40,000-\$50,000

**Start Date:** December 1, 2018 (negotiable)

**Duration of appointment:** One year, with possibility of extension for another

**Deadline for application:** October 9, 2018

Interested parties should forward a cover letter, current CV and contact information of 2-3 references to:

Suzanne Budge, Supervisor  
Suzanne.Budge@dal.ca

*We thank all applicants, however, only candidates selected for an interview will be contacted.*
